### \$100 IN CASH PRIZES

To Be Offered by The Boston Herald Next Sunday.

A paper like the Boston Herald never does things by halves. When it offers a thousand dollars in cash prizes, it means to distribute \$1,000. The details will not be made public until next Sunday. Such an offer should excite enough interest to put a Sunday Boston Herald in every home in this town, and we shall be very much disappointed at any other results.

### A Large Order.

Probably the largest order ever given for paint in the state of North Carolina, was received by the Odell Hardware Co., of Greensboro, N. C., from W. A. Irwin, Esq., of Durham.

The order was for 5,000 gallons of Devco lead-and-zinc paint, to be used on the large Irwin Mills and their cottages now being built in Hartnett county.

Many of the leading paint manufacturers were eager to secure this order, and it speaks volumes that the preference was given to Devco lead-and-zinc, which is undoubtedly the foremost paint in this country today.—Greensboro (N. C.) Record.

### Would Return to Ireland.

London, Sept. 23.—Interest has been evoked here by a letter from Secretary O'Callahan of the United Irish League of America to Mr. Condon, M. P., saying that since the passage of the Irish land act many evicted tenants now residing in the United States have been making anxious inquiries regarding the possibility of reacquiring their former holdings. Mr. O'Callahan expressed the belief that should a large proportion of the inquirers be able to do so it would go far toward solving the question of emigration and turn the tide back to Ireland.

**Killed and Placed on Tracks.** Cleveland, O., Sept. 23.—The badly mutilated body of Miss Olive Rayl, twenty-two years of age, was found across the Lake Shore railway track at the entrance to Grove park. It was at first supposed that Miss Rayl had been killed by a train, but later the police stated that an investigation developed that the girl had been murdered and the body placed on the track, where a train had cut it in two. Miss Rayl lived with her brother, Dr. W. I. Rayl in Glenville, a suburb.

**Census Report on Cotton.** Washington, Sept. 23.—A census report on the quantity of cotton ginned in the United States from the growth of 1903 up to and including Aug. 31 gives the following figures: Total commercial bales, 17,587, including 16,994 square bales; 507 round bales of upland crop, and 20 bales of sea island crop. The total gins in operation numbered 176.

**The Trouble at Victor.** Victor, Colo., Sept. 23.—The troops in Camp Goldfield have been called to arms. It was said at military headquarters that unknown persons had attempted to break through the guard lines at Bull Hill. Twenty shots were fired by the sentry, but it is not known whether any of them took effect.

**Moody on Tour of Inspection.** Philadelphia, Sept. 23.—Secretary of the Navy Moody made a tour of inspection of the United States Naval home in this city. He is a guest of Captain Clark, commandant of the Naval home. Secretary Moody will probably visit the League Island navy yard while here.
